Dispatch from Washington.

WASHINGTON, June 28.—Gov. Cooke has nominated Lewis H. Douglas for member of Territorial Council in place of his father, Frederick, resigned.

WASHINGTON, June 28.—Gov. Woods of Utah Territory, arrived yesterday, and had an interview with a correspondent. He states that there are no grounds for charges against the United States Judges McCane and Strickland of Utah, now on file in the Attorney General's office, but that they are made in the interests of women and certain parties engaged in mining operations who cannot use these Judges as they desire.

Gen. Pleasanton, Commissioner of Internal Revenue, has also been subjected to an interview this morning in relation to the differences between himself and Boutwell. The latter has not seen the President, but feels confident that his own course in the matter is in accordance with established precedents. It will be formally considered by the President to-morrow.

Punishment of the Coreans.

WASHINGTON, June 27.—The following was received at the Navy Department this afternoon:

COREA, May 23.—To the Secretary of the Navy: The Coreans not apologizing for their treacherous attack on the 10th, we landed on Kang Dock and destroyed the lower fort and munitions. On the 11th we took another fort and then stormed and captured the stronghold. Five forts have been taken. The troops which defended them are reported as numbering 11,000. There was desperate hand to hand fighting in the citadel. The ordnance destroyed was 481 pieces, several small brass pieces and very many small arms. Fifty flags were taken. We counted 243 dead Coreans around the citadel. We had three killed. Commandant McKee who was first inside the citadel was killed with a bullet and spear; also a marine, Dennis Hamilton, and landsman Seth Allen. Our wounded are all out of danger and doing well. (Signed)

JOHN RODGERS, Commodore.

CALIFORNIA.

Political News.

SAN FRANCISCO, June 29.—The name of Thos. H. Selby was withdrawn from before the Convention and Newton Booth was, last night, unanimously nominated by acclamation for Governor of California.

The Convention adjourned at 6:30 P. M., to 9 A. M. this morning.

The Democrats are jubilant over Booth's nomination.

The fight for Harbor Commissioner lays between John McGlynn and Barber of San Francisco.

A grand ovation was paid to Mayor Selby at Sacramento last night. He was serenaded and an immense crowd gathered in front of his headquarters. Both Selby and Booth addressed the crowd.

New Road to Kelton.

[From the Boise Statesman.]

Mr. Dan. Rathbone, who arrived from Kelton on Thursday, gives us some particulars concerning the new road to Kelton avoiding Goose Creek mountains. He made the trip from Kelton to Boise in 19 days, hauling 32,600 pounds with one eight and one 10 mule team. There are two small creeks to cross, besides Goose Creek and Raft river, the two last of which were bridged when he passed, and all are bridged by this time. The new road leaves the old track 15 miles this side of Kelton, passes northeast of the Goose Creek mountains, and strikes the old road again at Rock Creek station. Mr. Rathbone assures us that there is not a grade on the whole route where a wagon will not stand without blocking. Besides that, it is a good hard track, with abundance of water and grass. The longest drive is 12 miles, and by actual measurement it is 16½ miles shorter than the old road. There are no hills, mud or sand on the entire route. Mr. Rathbone thinks that heavily loaded teams will take the old road this summer, until the new track is somewhat packed, but after this summer the new road must take all the travel, of whatever kind, and it is even preferable now for the return trip, and for all moderately loaded teams. It only needs the packing of one rain, and a little travel. This is a matter of no trifling importance to this city, for it seems not unlikely to reduce the time at least one day for freight from Kelton to Boise, and the rate from one-quarter to one-half a cent per pound. Messrs. Ellsworth and Southan and Joe Keeney are the gentlemen who have been mainly instrumental in putting through this enterprise.

The *West Side* says of the Watkinds affair at Salem: "We suppose that the blind partisanship that placed Watkinds in the position he now disgraces, will probably keep him there unless a jury should happen to assign him another position in the institution; but in the name of decency and good order we protest against keeping a man in a responsible position who shows so reckless a disregard for the laws of his country."

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

CALIFORNIA.

Republican State Convention.

SACRAMENTO, June 29.—The Convention met at 9 A. M. Rottenburg, of Sacramento, was elected Assistant Secretary. The names of Romualdo Pacheco and Thomas B. Shannon were then placed in nomination for Lieutenant Governor; Pacheco's nomination was made unanimous. Wm. Orr, John Yule, L. H. Burke and Drury Malone were placed in nomination for Secretary of State; Malone received the nomination. J. H. Southard and A. C. Niles were placed in nomination for short term of Supreme Judge, Niles receiving the nomination. A. L. Rhodes, of Santa Clara, received the nomination by acclamation for Supreme Judge for the long term. The nomination for Controller then proceeded with the following names presented: W. B. Lyon, James S. Green, — Howard of Santa Clara, and W. F. Bennett. Green's nomination was made unanimous.

From San Francisco.

SAN FRANCISCO, June 29.—Notwithstanding the opinion of physicians, precedents established, the rules of surgery and general expectation, Viemer, who was shot through the bowels by Farren on Sunday last, persists in living, and is reported really better to-day.

The weather continues hot and dry.

The effort to create sympathy for Mrs. Fair by representing her in a critical condition, is being made. Officers who see her daily say her health is as good now as at any former time for years, and no visible change in her condition has taken place. She receives much more attention than ordinary criminals, and is as comfortably situated as it is possible for a prisoner to be.

The stock market continues panicky, and the downward tendency is unchecked.

Truthfully and Well Spoken.

To show what kind of man the Republican candidate for Governor of California is, we give the following from a speech delivered by him in 1868 in San Francisco. In these paragraphs he states ably and well the duties of citizens in relation to political elections. The author of such sentiments is certainly a man of mark, of sound practical views and more than common ability:

There are men, "and we have heard them praised, and that highly," who wear good clothes, pay their debts, their taxes and their pew rents, subscribe to charities, eat with their forks, and do all things the usages of polite society and the etiquette of a good conscience require, decently and in order, and who fancy they are public-spirited, good citizens, who would suffer a note to be protested rather than go to a primary election, or wear a last year's coat, enter a pest-house, join the Mormons and take seven wives, or do any ridiculous or absurd thing, as soon as they would attend a political convention. They know that not more than half their fellow citizens are absolutely perfect and without flaw. If they have to employ a lawyer, a doctor, a mechanic, a clerk, a porter or a girl in the kitchen, they give the matter personal attention, and are not always able to suit themselves; but in politics they act as though they supposed there was an elective affinity between offices and good men, and that whenever an office is to be filled the right man will be drawn to the position by the mysterious magnetism which "place" has for integrity and capacity. Their conversation, however, is very inconsistent with this supposition. In their vocabulary the word politician expresses everything that is bad. It is the most libelous in the language. A politician is—well, a bummer, who lives on the precarious charity of free lunches when out of office, and grows rich on public plunder when in. It is a pity for these men that some kind of machinery of government could not be devised that would run itself. Their virtue is not of a kind that saves States, redresses or prevents wrongs.

There are others, not many, in time of Presidential elections—still there are some, who are still higher toned. They tell you with an air of infinite condescension they never vote, have not indulged in that youthful indiscretion since the days of Jackson, or since the old Whig party died. They have no political opinions. They are in bad taste, in fact vulgar. They have nothing to do with parties, which are too vulgar for their dignity, too corrupt, for their saintly perfection. Torchlight processions are sinful in their eyes; newspapers, slang; public discussions, bores; the Fourth of July an abomination; the election a farce, and popular government a humbug.

I like a high toned man. Dignity and deportment are grand things—useful, too, in their way. They serve to make one who comes in contact with them feel so insignificant, so infinitesimal, as though he ought to apologize for being alive; and humility is a good thing. But I submit that this character is pitched one octave too high for practical good. He ought to be exalted to some serene height of pure emptiness, where he could indulge the endless vanity of self-contemplation undisturbed, where even the flatteries of sycophants should fall upon his ear softened to a lullaby, and peacefully blend with his dreams of his own infinite perfection.

It may be assumed that the majesty of this man, valuable as it would be at a full dress dinner party or evening soiree, would not so overawe a New York or California lobby that they would forget or forego their schemes. As a citizen, a member of the commonwealth, he is worth less than the humblest elector who expresses an honest conviction by his vote—infinitely less; he scarce possesses the name of manhood, when compared to the poorest, most illiterate soldier, who was ever ready to shed his blood for the sublime idea of country.

The Democratic papers and stump speakers are just now having a great deal to say about the tardiness in disposing of the new United States loan abroad. The necessities of the French Government, which is in the London market for a loan of five hundred million dollars as a part of the Prussian war indemnity, and which it must borrow without regard to sacrifice, sufficiently explains the present failure of the proposed new loan of this country in Europe. Our bonds are offered at par, with interest at four, four and a half, and five per cent., according to the number of years they have to run; while the bonds of France will be sold at less than their face, and call for a higher rate of interest. No harm is likely to happen this country from this temporary delay. The new loan receives home subscriptions daily, and if it were possible we should hope that none of it would be offered or taken outside of the United States. The failure of European capitalists to take our bonds is not an evidence of doubt respecting their credit, but is because they expect to get better interest paying bonds for less money.

Some enterprising Germans of St. Louis, have established a "concentrated lager manufactory." It is a solid substance and can be kept kicking around the house all day and at night used as a beverage. A quarter of a pound, it is said, will last an ordinary family a week, besides allowing a good sized chunk for the children to play with. A man on a journey can carry a supply in his vest pocket, enough to keep him drunk as blazes a fortnight. For twelve cents enough can be sent through the mails to demoralize a whole township.

"Salt" is the subject of the school boy's latest composition: "The salt is a spice which spoils the potatoes, if you forget to put it on."

OREGON.

A huge petition asking that a postoffice be established at Turner's Station, between Salem and Jefferson, has been prepared and will be forwarded to Washington.

A rich vein of lead and silver has been discovered near the Santiam quartz mines. The *Statesman* seems to think that the discovery will prove to be the "biggest thing" yet unearthed in Oregon.

Hammer & Terry of Salem publish a *Real Estate Circular*, in which much useful information regarding the resources of Marion county is given. They advertise much land for sale at prices ranging from $12 to $40 per acre.

J. F. Caples will deliver the oration at Oregon City on the Fourth of July; Charles E. Warren will read the Declaration, and Rev. George E. Chandler will officiate as Chaplain. A tremendous blast will be let off at the works of the Canal and Lock Company at the falls. It will be fired by electricity, all the chambers going off simultaneously.

POLITICAL NOTES.

The San Francisco *Examiner* does not like the "new departure" in the Democratic State platform, but after carefully greasing it with a large amount of Constitutional argument, has determined to swallow it.

There is one virtue in the new departure [illegible] eyes of the Cincinnati *Enquirer*, after [illegible] says it has stirred up the party, and [illegible] that the hearty swearing only prove [illegible] party has "undergone a lively awaken[ing]."

The Lexington (Ky.) *Press* again reminds Democrats of the North that if they care for the support of the Democrats of the South, they must exhibit something more of tact and discretion than they have recently in denouncing Jefferson Davis and the "Confederate cause."

The *German Demokrat* of San Francisco has an article on the Democratic Convention of California, in which it says: The German element glittered on the ticket through its entire absence. A single candidate was brought forth, and promptly put down. On the contrary, the Irish element on the ticket had its full representation."

Congressman Bingham of Ohio, in a recent speech in San Francisco said the party calling itself Democratic declared, in 1860 and 1861, that it was unconstitutional to defend the Constitution. It declared in 1865 and 1866 that it was unconstitutional to amend the Constitution, and it declared in 1869, 1870 and 1871, that it was unconstitutional to enforce the Constitution.

Workingmen on Governor Haight.

The following preamble and resolutions have been adopted by the labor organizations of San Francisco:

WHEREAS, His Excellency, Governor Haight, by his past official record, has exhibited such a want of moral courage, manliness and character, as has left us in doubt whether very many of his official acts were influenced by ignorance and short-sightedness, or corruption—

While he has sanctioned laws to authorize subsidies to railroads, by taxation on the private property of individuals; he has persistently declared such legislation unconstitutional and wrong—

Having solemnly sworn to support the Constitution of this State, which specially prohibits lotteries, he weakly or corruptly, indorsed a law authorizing the Mercantile Library Lottery—

While preaching the gospel of economy, he has put in practice, and encouraged, the existence of the corrupt measures of the Legislature of "a thousand commissions"—

Thereby saddling on the people of San Francisco millions of dollars of indebtedness, for the benefit of political favorites—

While making loud protestations in favor of the protection of white labor, and the elevation of the laboring men, he has publicly and officially encouraged the immigration of Mongolian labor, a degraded and debased people, to compete with and depress the American laborer. Therefore,

Resolved, Governor Haight, judged by his official record, is unworthy of the confidence and support of the workingmen of this State; he is too short-sighted to perceive, and weak-minded to properly discharge the duties of the office of Governor of the State of California.

Resolved, That the action of Governor Haight in vetoing the bill passed for the protection of Hutchings and Lamon, settlers on the public lands under the pre-emption laws of the United States, indicates an utter disregard of the laws of our country, and the rights of workingmen; and his attempt to deprive those settlers of their rights, through the Courts was a flagrant outrage on the rights of all settlers on the public domain.

Resolved, That for these and other good reasons, the workingmen of San Francisco are opposed to the nomination and election of H. H. Haight, Governor of this State, and we hereby pledge ourselves to work and vote against him, and thereby defeat his election.

The "War" in Corea.

The Coreans having outraged some of our sailors, our naval commander in that quarter has been giving them a drubbing, for particulars of which see dispatches of to-day. The following sketch of Corea may be of interest at this time:

Corea is almost an independent kingdom, and is governed by a King who pays tribute to the Uncle of the Moon, the Emperor of China. Its inhabitants are said to be far superior to the Chinese in mental and physical resources. The government consists of a King, whose ministry is divided into five departments, which form the center of all civil and military authority. His Majesty's power is held sacred and inviolable from the union in his own person of the hierarchal and secular sovereignty. He divides his government into circles or provinces, each under the rule of special Governors, all appointed by the King, to whom they are responsible. The revenues of the Corean monarch are immense and are derived mainly from the letting out of land and a tithe of produce. As in China, religion is a secondary consideration. The prevailing belief is in Boodhism, which was introduced about the year 372, but there appears to be another religion—evidently the original faith of the people—and the doctrines of Corpicious are held in high esteem.

The genuine Corean language is scarcely Roman, as it has become hopelessly co[rrupted] by the introduction of numerous Chinese words, the higher classes using the Chinese language in all cases. About the year 1120 Corea was conquered by the Tartars; in 1692 and 1698 by the Japanese, who were unable to retain it and it fell under the sway of China, and we have already intimated the people engage largely in piracy, and numbers of them are yearly caught while at work in their pirate junks. Their treatment of all foreigners who fall into their hands is most brutal, and it was because of their inhumanity that the expedition under the command of Admiral Rodgers sent to Eastern waters.

No less than four German Princes of royal blood are married to actresses of plebeian ditto. Only think of it!

CURRENT NOTES.

A narrow gauge railroad is to be built between Elko, on the line of the Central Pacific, and Hamilton, White Pine.

On the 21st June, a man calling himself C. G. Jacobs surrendered himself to the police authorities at Chicago, claiming to be the murderer of one Weathersby, in Texas, sometime in May last. The quarrel between him and Weathersby originated about a Mexican woman. At the time $5,000 were offered for Jacob's arrest. His mother lives in St. Joseph county, Michigan, and he has a brother, a pawnbroker.

The Daily Oregonian.

FRIDAY MORNING, JUNE 30, 1871.

Two Platforms.

The platform of the Republicans of California is in the main judicious. The sentiments of its authors are expressed in the language of moderation and dignity. We would add nothing to the platform, but were our province that of a censor expurgator, we would prune it of the seventh resolution. That resolution refers to the Chinese. It is totally unnecessary, for the "Chinese question," so-called, which has been agitated so much in the Pacific States, is absurd throughout, and the good sense of the people is rapidly outgrowing the follies into which some of them have been led by demagogues, who have seen their best chance of obtaining place and plunder in appealing to prejudices against the "heathen hordes" who, they have said, are threatening to inundate our shores. A Republican Convention had no need to pander to this ignorant and absurd prejudice, which has just about exhausted itself. The Republican party should stand on higher ground and rely on the sober judgment and enlightened sense of the people.

But in other respects the platform is very good, and leaves nothing to be desired. Contrast its straight-forward style, its cheerful tone and the dignity of its sentiments with the platforms made by the opposition, and note the difference. This platform presents facts and asserts principles; that adopted by the Democrats of California is extravagant in its utterances, untrue in its statements, insincere in its promises, and "shrieky" in its composition. It tells us that the country is fast going to perdition, though everybody knows that it never before was so prosperous. It condemns and denounces indiscriminately everything the Republicans have done, though the country has time after time approved these Republican measures, and is ready to approve them again. Against the substantial achievements of the Republican party how ridiculous and impotent is this inflated rhetoric! The Republicans of California tell briefly in their platform what the party has accomplished, and point to its past as an earnest of its future. How are these facts met? By shrieks and lamentations over the alleged woful condition of the country, and an arraignment of the Republican party for measures which Democrats themselves, in this very platform of theirs, make a merit of accepting! For they take the "new departure," accept what the Republicans have done up to this time, and then declare that Republicans ought to be dismissed from power for having done what they themselves now accept and sanction.

The Mayor's Message.

Mayor Wasserman's first message to the Common Council, which is presented in our columns to-day, will make a good impression upon the minds of our citizens. The message is brief, but brimful of practical suggestions, presented in a direct and pointed manner. Especially are the Mayor's recommendations respecting a water supply, the parks, street railroads, etc., worthy of consideration. We have already said that in our opinion it would be a good thing for the city to revive the Bureau of Immigration, and in this message the Mayor recommends that it be done. The purchase of the park blocks, with a view of opening that fine avenue through the whole length of the city, is suggested; and if Portland is going to come up to her pretensions as a city it is time for this purchase to be made. It is absurd to build on narrow ideas. We can have a beautiful and elegant city, laid out in an artistic form and adorned in a style of which our citizens may be proud. But it is necessary to act with forethought. The Mayor in the last paragraph of his communication to the Common Council states well the principle which should be our guide. What he says in regard to water works is timely, and we hope to see the Common Council take action upon the matter at once. Let us have a Committee to investigate the whole subject of obtaining a supply of water, and to report results as soon as practicable. We have an earnest, thorough, practical set of men in the city government, and now is the time to take hold of these subjects and bring them to useful results.

A party of gentlemen representing the Common Council, Board of Trade and commercial interests of Chicago were in this city yesterday having traveled hither by way of Idaho Territory and the Columbia river. These gentlemen, Messrs. Baker, Tilden, McLanes and Denton, are on a tour of observation, in quest of pleasure and of a knowledge of the resources and attractions of the country. We learn that they were not very favorably impressed with the country east of the Cascade mountains, but without doubt Western Oregon will please them better. Perhaps they did not remain in the eastern part of the State long enough to observe it. A hasty look at that section of country does not enable a stranger to properly judge it. As this party intend to go overland to California, they will traverse a region which they must concede is unsurpassed in its beauty, fertility, attractions and general advantages.

Gov. Haight of California is a candidate for re-election on an anti-subsidy platform. Yet he has approved eighteen subsidy bills and vetoed but two. The San Francisco *Examiner* says he was "nominated unanimously, and resolutions endorsing fully his subsidy views were passed without a dissenting voice." To this the Stockton *Independent* answers: "The Convention seems to have condemned Haight's eighteen 'subsidy views,' but to have endorsed his 'two anti-subsidy views.'"

We see it stated that Horace Capron, Commissioner of the Bureau of Agriculture, will visit Oregon this summer. A dispatch from Washington announces, however, that he has resigned his place at the head of that Bureau, to take effect on the 1st August. It may be that this is simply a rumor growing out of his intended departure for the Pacific coast about that time.

The Democratic nominations for Congress in California are as follows: First District, Lawrence Archer; Second District, J. W. Coffroth; Third District, George Pearce. Republicans have strong hopes of beating them all and securing a united delegation in Congress again.

Mrs. Duniway in her *New Northwest* of this week has another of her trenchant articles on the "Health of Farmers' Wives." There are multitudes of men with overworked wives who could take a lesson in duty and humanity from an attentive perusal of these articles.

The New York *World* invents a silly and improbable story that President Grant's son is going to marry Queen Victoria's daughter; and forthwith all the Democratic editors in the country, including him of the *Oregon Herald*, become very unhappy about it.

PACIFIC COAST DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, June 29.—Two hundred guns were fired from Clay street hill this evening in honor of the nomination of Newton Booth for Governor.

Owing to the burning of snow sheds on Central Pacific Railroad the Eastern telegraph lines are down. No report to-day.

Interest in the mining war of Amador county has almost died out in San Francisco.

Last night a man was walking with a woman near the corner of Fourth and Bryant streets, when they were accosted by two men who demanded money. The man gave them a dollar or two, all the money he had, and they then endeavored to take the woman from him by force. They cried for help, and upon other parties approaching the robbers and would be ravishers decamped. To day Thomas Shay was arrested as one of the robbers and identified by the man and his companion. It was a bright moonlight night and the attack was one of the boldest ever made in San Francisco.

The Casserly Guard turned out over 110 men on their first annual target excursion to-day. They are the finest looking independent company ever organized in this city. Their uniform is materially that of the Garibaldi Guard.

INTERIOR CALIFORNIA DISPATCHES.

LOS ANGELES, June 29.—A convention has been called to assemble at Anaheim July 15th, for the purpose of devising ways and means to affect a division of Los Angeles county.

LINCOLN, June 29.—Mrs. Jos. Bozbicych committed suicide at Laswell's ranch, near Lincoln, yesterday afternoon, by taking a dose of strychnine in a glass of ale. Domestic troubles are assigned as the cause. She was 21 years of age and apparently in sound mind.

STOCKTON, June 29.—Ah Hung, a Chinese gardener, was drowned this evening by the upsetting of his boat at the levee on Stockton channel. The body was recovered.

A Chinese employee on the Stockton and Copperopolis Railroad, died yesterday from an overdose of opium.

To day was the hottest of the season; the thermometer stood at 93 in the shade.

TEHAMA, June 29.—This morning at 7 o'clock, a young girl, aged 14 years, named Clara White, in attempting to kindle a fire with kerosene, met with a horrible accident. The can exploded and in an instant she was enveloped in flames. In this state she rushed outside and before assistance could reach her the last vestige of her clothing was consumed and she was left a charred and blackened mass. Medical aid was futile and she expired this afternoon at sunset.

[illegible]

SACRAMENTO, June 29.—The Convention reassembled at two P. M. Ferdinand Baker of Shasta received the nomination for State Treasurer by acclamation. Nominations for Surveyor General were then made as follows: J. S. Easton of San Mateo; A. C. Henry of Alameda; Sherman Day of Alameda; Charles Beckins of Yuba, and Robert Gardiner of Humboldt. Gardiner's nomination was made unanimous. Nominations for Attorney General were made as follows: Walter Van Dyke of Alameda; John L. Love of San Francisco; James Easton of Yuba; Lewis Shearer of Alameda; L. B. Mizner of Solano. Love received the nomination.

ARIZONA.

The Indian War.

SAN DIEGO, June 29.—The Tucson, Arizona, *Citizen* of the 20th, has the following:

Gen. Crook arrived here yesterday and set about the work in hand. Escaped Apaches and friendly Indians have been interrogated. The General has determined to get the most and best attainable information about the Apaches, their numbers, trails, and rendezvous and move against them effectively. Peace fires with, and feeding hostile Indians are forbidden. The General rightly believes a sharp offensive war will soonest bring a lasting peace. To make the most of the means at hand, the Infantry hereafter will do scout duty and the Cavalry will only be used on campaigns. The troops will be distributed accordingly. More horses are the great want to enable the commander to wage earnest war, and they have been applied for. The citizens are overjoyed at Crook's arrival. At latest accounts Capt. Moore found Indians in Huachuca mountains, killed two, wounded one. Large numbers are in secure mountain retreats. The Captain continues to manœuvre day and night to call them out where he can have a fair fight. He is after the war party with whom Lieut. Cushing had his last fight.

The Mexicans have killed Hon. Reese Smith, member of the late Legislature. The government of Mexico has refused to give up the criminals under the extradition treaty concluded in the City of Mexico, December 11, 1861, and Mexican bandits and murderers are growing bolder in consequence.

Annual Examination at St. Helen's Hall.

The examination of the classes at this school was commenced on Tuesday afternoon and continued until Thursday evening. The examinations were carried on by the Principal, Miss Rodney, and Miss Blackler, Miss Lydia Rodney, Miss Burton and their assistants, under the direction of Bishop Morris.

There were 35 classes examined—the time occupied by each being from a half to three-fourths of an hour—upon the following subjects or studies: Arithmetic, 7 classes; Spelling, 3; Reading, 3; Grammar, 3; Geography, 4; Writing, 1; History, 5; Etymology, 1; Philosophy, 2; Geometry, 1; French, 2; Algebra, 1; Chemistry, 1; and Poetry, 1.

The time allotted to many of the classes was altogether too short. Some of them should have had at least one hour. Nothing appeared to be done for show or sensation. There was no premeditated *exhibition* of the school upon mere glittering generalities. Among others, the examinations of the classes in History and the class in Etymology and Geometry were very good. Probably the same may be said of the classes in Philosophy and Chemistry. Special attention seems to have been paid to the prime art of *spelling*, sometimes called—for the sake of the two additional syllables and the Greek derivation—Orthography.

The *learning* and *culture* manifested by the majority of the scholars is very creditable both to them and their teachers. In their future career they will doubtless reflect credit on THE HALL and do much to maintain a high standard of female worth and purpose in society.

The Bishop of Alaska was in attendance during some portion of two days, with a presbyter and deacon, and manifested a very intelligent interest in the proceedings.

The closing exercises took place in the Chapel and consisted of the regular evening service followed by an address from Bishop Morris. The address was distinguished by the Bishop's usual rhetorical clearness and fitness for the occasion. The thought of it was mainly drawn from the sentiment contained in Longfellow's line—

> "Learn to labor and to wait."

The whole number of pupils in attendance during this the second year of the school is 179. The average attendance for the same period has been 142. The next term will begin on Wednesday, September 6.

COMMON COUNCIL.

THE MAYOR AND NEW COUNCILMEN TAKE THEIR SEATS—MESSAGE OF THE MAYOR

Present, His Honor, Mayor Phillip Wasserman, and Councilmen Besser, Bills, Burton, Caywood, Congle, Combs, Hallock, Hill, and Moffett.

Mr. Hallock moved that the rule prescribing the order of business, be suspended, which motion prevailed.

MESSAGE OF THE MAYOR

The Mayor, Mr. Wasserman, read the following message:

Gentlemen of the Common Council.—Section 40 of the city charter makes it my duty to communicate to you a general statement of the condition and affairs of this municipal corporation and to recommend the adoption of such measures as I may deem expedient and proper.

From the accompanying report of the Auditor, you will perceive that the finances of the city are in a healthy condition. The funds in the treasury and the proceeds of licenses, to be collected for the next two quarters of the fiscal year will be sufficient to defray all ordinary expenses of the municipal government.

Your predecessors have, under the late amendment to the city charter, sold the bonds of the city to the amount of fifty six thousand five hundred dollars ($56 500). Out of the proceeds they have canceled the Willamette river bonds and coupons amounting to twenty one thousand two hundred dollars ($21,200).

The General Government having taken charge of that matter, no further expenditure by the city is deemed necessary at this time. The sum of thirty-five thousand dollars was passed to the Park fund, and out of that sum thirty two thousand six hundred and twenty four dollars was paid for said Park. It is but just for me to remark that at the time of the purchase great difference of opinion existed as to the wisdom of the city purchasing said grounds, but owing to the enhanced value of all real estate since the transaction it is now conceded by all that the investment was a good one. The balance arising out of the sale of bonds was appropriated for the improvement of the Park, and the committee having charge will see to it that it is well expended.

Great loss of property has been sustained by our city, owing to the negligence of former Councils to secure perfect titles to land donated. It is I fear, too late now to recover the levee, below Madison street, which by right we ought to own, but energetic measures should be taken to secure the Park blocks throughout the length of the city. The Park open would be an ornament to Portland. It is for you, gentlemen, to say whether it would be better to pay the present price, or wait until the blocks become valuable enough to make a big job for schemers or cost the city an immense sum. The course I would advise would be to get all claimants to agree in writing to sell to the city, for public use at a stated sum,—the city to have a certain length of time to purchase or reject, and in the mean time you can satisfy yourselves as to the wishes of tax payers as may seem best to you.

The Legislature of our State failed to appropriate the necessary funds for the continuance of a Bureau of Immigration and Statistics. Knowing the great benefits our State and City derived from that Institution, which was supported by private subscription of our citizens here, I would recommend that you take that matter in hand. An appropriation of two hundred and fifty dollars per month would fully cover all expenses.

A card in the daily papers from the Water Company, giving notice that after a certain day they would raise the price of water, has created great excitement among our citizens and disclosed the fact, not generally known heretofore, that our city in its infancy has given away a very valuable franchise without retaining any control over it, either as to the quality of water or the regulation of the price for the same. The only remedy left us, is to build Water Works and maintain them at the cost of the city, collect water rent enough to pay the interest on bonds contracted for that purpose and a certain amount for a sinking fund to be created for the payment of such bonds. I would recommend that the Committee on Fire and Water be instructed to enquire into the different systems ... which cities are supplied with water and ... at an early day, what, in their opinion, is the most practicable for Portland.

The alacrity with which our citizens subscribed $100,000 to the Oregon Central railroad, proves how anxious they are to have that railroad terminate in our city. Should any action on the part of the city be required for that or any other railroad, I would recommend to treat them very liberally and to afford them every facility consistent with the general welfare of our city.

In order to bring remote parts of the city within easy communication with the business portion, I would especially recommend to your fostering care Street Railroads, several companies having applied. You will promote the interests of the city in giving them every facility, only guarding against future monopolies and reserving such rights as the city is entitled to.

Our city is growing very fast, and what would have been a large expenditure five years ago is hardly felt now. While we ought to use the strictest economy we must not lose sight of the growing wants of Portland. We should bear in mind that we are building now for a city which will in all probability treble its present population within the next ten years. While, therefore, we should avoid extravagance and unnecessary expenditure, we should equally shun that narrow parsimony which would prevent permanent improvements. Whatever sums are expended judiciously, either for improving or beautifying our city, are a permanent and useful investment. This principle, in my judgment, should be our rule of action.

PHILIP WASSERMAN.

Portland, June 29, 1871.

FINANCIAL STATEMENT.

After the reading of the message the Auditor read his statement (referred to in the message) of the financial condition of the city. [The annual financial reports of the city officers will be submitted at the next regular meeting, and as they will show everything in detail, we omit the publication of the Auditor's statement.]

On motion, the message and accompanying document were referred to a special committee; and the President appointed as such committee, Messrs Hallock, Hill and Bills.

STANDING COMMITTEES

The Mayor announced the following standing committees for the ensuing year.

AN INVITATION TO CELEBRATE

Mr. Hallock presented a communication from the Committee of Arrangements at Oregon City, inviting the Council to participate in the celebration of the 4th of July.

On motion, the Auditor was directed to acknowledge the receipt of the invitation and respectfully decline it on account of a prior acceptance of a similar invitation.

The Council adjourned.

AMUSEMENTS.

THE ORATORIO OF ESTHER.—This excellent historic and scenic cantata was repeated last evening to a crowded house at Oro Fino Theater. The performance was decidedly superior in many respects to the first rendition on Tuesday evening, the errors of that night being mainly corrected. Mr. McGibeny, as conductor, placed himself in better position to be seen by the people on the stage, and the time was therefore much more perfect. Two or three "waits" that occurred in the first representation, were also avoided. The beauty of the piece was greatly enhanced by the introduction of the chamber scene in which the Queen, solus, supplicates the Divine favor and support in her approaching visit to the King, and by the full performance of the Prophetess' solos by Miss Cardinell, who sang them in a finely cultivated and sweet contralto voice. Of the other parts of the cantata we need only say that, in every respect, they were rendered in a manner quite superior to that of the first evening, and to secure the unqualified approval of the audience. The choruses were particularly well sung. The Oratorio will be given again, for the last time, to-morrow evening.

PICNIC.—The annual picnic of the children of St. Stephen's Chapel Sunday school, will take place at East Portland Park to-morrow. The children and all who wish to join in the exercises of the day are requested to meet at the chapel promptly at half past eight o'clock A. M.

FESTIVAL POSTPONED.—The ladies of the Lutheran Church have postponed their festival till next Monday evening.

MASONIC CEREMONIES.

LAYING OF THE CORNER STONE OF THE MASONIC TEMPLE BY THE OFFICERS OF THE GRAND LODGE.

According to previous announcement the Masonic organizations of this city and a considerable number of visiting brethren from other parts of the State, met at the Masonic Hall at 5 o'clock yesterday afternoon, and forming in procession marched to the corner of Alder and Third streets, where are the foundations of the Masonic Temple, to assist in laying the corner stone. There were in the procession members of the Grand Lodge A F & A M., the Lodges of Perfection of Portland and Salem, Portland Lodge Royal Arch Masons, Willamette Lodge A F & A M, Harmony Lodge A F & AM, and members of various lodges—Oregon City, Salem, Albany, Jefferson and other places, numbering in all 213 persons. The procession was arranged as is usual in such cases and was led by the East Portland Cornet Band, Mr E F Babcock, of Salem, acting as Marshal.

CEREMONIES AT THE TEMPLE

When the procession arrived at the foundation of the Temple, there was already a large crowd of people gathered to witness the proceedings. The procession having reached the place, the usual reverse order was accomplished and the Masonic brethren surrounded the corner stone as a center. All having got into position, a prayer was read by Dr Dickson, the Grand Chaplain of the Grand Lodge, after which the following ode was sung:

Hail Masonry divine
Glory of ages shine
While thou shall last!
Where'er thy votries are,
Let Love and Peace be there
Let thy good works compare
With ages past

Great mission thine below—
This pilgrimage of woe
Thine 'tis to cheer
With open heart and hand,
Thy sons in every land,
At charity's demand,
Are ever near.

As, since the Day of Light
Blazing with lustre bright,
Thy star hath shone
So may its brightness send
Joy gladness without end,
Till Eternity attend,
And Time be gone.

Mr John McCraken, Past Grand Master, acting for Grand Master W D Hare, addressed the Masonic Building Association through the President, J. C. Ainsworth, as follows:

Mr President and Brethren of the Masonic Hall Association of Portland: The fraternity of Free and Accepted Masons have gathered here to day by your invitation, for the purpose of laying the foundation stone of a Temple, in which will be taught those noble virtues exemplified in the lines and conduct of the patron saints of Masonry.

Our neighboring brethren greet their brethren of Portland with a "Godspeed" in their noble undertaking of erecting a Temple in the principal city of the State, in which will be propagated those noble tenets of our beloved Order—"Brotherly Love, Relief and Truth."

The erection of this Temple as an evidence of your devotion to the principles of Freemasonry, justly entitles you to the highest commendation of the Fraternity. It will stand as an endearing monument—transmitting to posterity a history of the zeal and enterprise of the Masons of Portland. It is a source of heartfelt joy to all the Craft assembled here to participate with you in the inauguration of this glorious work. You do well to build this Temple, to which the toil worn Craftsmen shall turn with confidence, and find refreshment and repose, to which the weary pilgrim will bend his steps for shelter and succor, and find an asylum and a hearty welcome from strong hands and warm hearts, and to which the distressed widow and the helpless orphan may ever repair, with the certainty of finding comfort and assistance in their hour of need.

May symmetry and order rest upon each line and curve, and strength and beauty characterize each arch and pillar, from base to cope-stone, and may the grandeur of its proportions attract the admiration and gladden the heart of every lover of order and progress.

[The Past Grand Master to the S. G. W. "Brother Senior Grand Warden: It has been the custom among the fraternity of Free and Accepted Masons, from time immemorial, to assemble for the purpose of laying the foundation stones of public buildings, when required so to do by those having authority. The Grand Lodge of the State of Oregon having been invited by the Masonic Hall Association of the city of Portland to lay the corner stone of this Temple, to be dedicated to Masonry, Virtue and Universal Benevolence, it has been here convened, and it will now assist me in the performance of that pleasing duty. This you will communicate to the R. W. Junior Grand Warden, and he to the Craft, that they, and all others present, may be duly notified thereof.

[The Senior Grand Warden communicated the order to the Senior Grand Warden, who communicated to the brethren present."]

[Music by the Band.]

The P G M to the Grand Treasurer. "Brother Grand Treasurer: It has ever been the custom of the Craft, upon occasions like the present, to deposit within a cavity in the stone of the edifice certain memorials of the period at which it was erected, so that if, in the lapse of ages, the fury of the elements, the violence of man, or the slow but certain ravages of time, should lay bare its foundations, an enduring record may be found by succeeding generations, to bear testimony to the untiring, unending industry of the Free and Accepted Masons. Has such a deposit now been prepared?

Grand Treasurer—It has been prepared, and is now in the casket before you.

P G M. to G. Secretary. "Brother Grand Secretary, you will read the record of the contents of the casket."

The Grand Secretary here read the following list:

1—Parchment roll, inscribed as follows:

P G M to Grand Treasurer: "Brother Grand Treasurer you will now deposit the casket in the cavity beneath the corner stone. And may the Great Architect of the Universe, in His wisdom, grant that ages upon ages shall pass away ere it again be seen of man."

[Grand Treasurer deposited the casket, the Choir, meanwhile, singing the following ode.]

Place we the Corner stone—
True and trusty, brothers own—
Let us bring with hearts sincere
Hand to help and voice to cheer

Proved by the Grand Master's hand,
Long may this foundation stand
May its superstructure rise
In grace and beauty ... the skies

Let us join in songs of praise,
That a Temple here we raise,
Hoping ages hence 'twill prove
A home for Charity and Love

[The principal architect distributes the working tools among the Grand officers. Trowel to Grand Master. All descend to the stone. Grand Master, East; D Gr Master, North; Sen. Gr. Warden, South.

Grand Master, assisted by workmen, spread cement; lower the stone at three separate intervals, the Public Grand Honors being given each time.]

The stone being adjusted in its place, the P G M pointed the cement about the edges and said:

Brother Deputy Grand Master, what is the jewel of your office?

Deputy Grand Master—The Square.

Past Grand Master—Then you will apply the square to those portions of the stone which should be squared.

Deputy Grand Master—I have obeyed your orders, and have found that the workmen have performed their duty well.

Past Grand Master—Brother Senior Grand Warden, what is the jewel of your office.

Senior Grand Warden—The Level.

Past Grand Master—You will then apply the level to the stone, and see if it be laid in a manner creditable to our ancient craft.

Senior Grand Warden—I have obeyed, etc.

Past Grand Master—Brother Junior Grand Warden, what is the jewel of your office?

Junior Grand Warden—The Plumb.

Past Grand Master—You will apply the plumb to the stone then, and see if it has been properly adjusted.

Junior Grand Warden—I have obeyed, etc.

Grand Master approaches the stone, and giving three blows with the gavel, says: The craftsmen having skilfully and faithfully performed their duty, I declare this foundation stone to be well formed, true and trusty. May the edifice which is to rest upon it ever be devoted to the uses of those whose mission it is to extend the spread of useful knowledge, to practice unceasing and unostentatious charity, and to inculcate fraternity and good-will among men, and may it be completed by the craftsmen in peace, love and harmony—they suffering no contention among themselves that noble and fraternal one, as to who can best work and best agree.

[Music by the band, during which corn, wine and oil are poured upon the stone.]

The fraternity then sung the following ode:

Corn Wine and Oil we so poured upon
Our brethren's hope—the Corner Stone—
The work is well begun
May Wisdom, Strength and Beauty now
Each with its attributes endow
That which is to be done

And, when our Temple is complete
Once more may all the brethren meet
Its Halls to dedicate
To Friendship, Virtue, Truth and Love,
To Charity, and, all above
To God, the Good, the Great

Past Grand Master—May the All Bounteous Author of Creation lend aid to those who have conceived and thus far carried on this goodly enterprise, may He protect the workmen employed upon the building from every accident, and long preserve it for the beneficent uses which it is destined to subserve, and may He grant to us all an ever bountiful supply of the Corn of Nourishment, the Wine of Refreshment and the Oil of Joy.

[The tools are then returned to the Principal Architect.]

Past Grand Master—Brother Principal Architect: Relying upon your skill in our noble art, I now confide to you these implements of operative Masonry. May this undertaking be speedily accomplished, may there be no envy, discord or confusion among the workmen, and may you perform the important duties with which you have been charged, not only to the satisfaction of those who have entrusted you with their fulfillment but in such a manner as shall secure the approbation of your own conscience, and redound to the honor of our Ancient Craft.

Men and brethren, here assembled, be it known unto you that we be lawful Masons, true and faithful to the laws of our country, and engaged, by solemn obligations, to erect magnificent buildings, to be serviceable to the brethren, and to fear God, the Great Architect of the Universe. We have among us, concealed from the eyes of all men, secrets which cannot be divulged, and which have never been found out, but these secrets are lawful and honorable, and not repugnant to the laws of God or man. They were entrusted, in peace and honor, to the Masons of ancient times, and have been faithfully transmitted to us. It is our duty to convey them unimpaired to the latest posterity. Unless our craft were good and our calling honorable, we should not have lasted for so many centuries, nor should we have been honored with the patronage of so many illustrious men in all ages, who have ever shown themselves ready to promote our interests and defend us from all adversaries. We are assembled here to day in the face of you all, to build a house, which we pray God may deserve to prosper by becoming a place of concourse for good men, and promoting harmony and brotherly love throughout the world, until time shall be no longer. Amen.

The ceremonies closed with the singing of the doxology:

Praise God from whom all blessings flow,
Praise Him all creatures here below;
Praise Him above ye angelic host
Praise Father, Son and Holy Ghost

The P G M then came back to the platform and introduced Hon Elwood Evans P G. M of Washington Territory, the Orator of the occasion, who addressed the Masonic brethren in an eloquent and instructive oration of about three quarters of an hour's length. We have not been favored with a copy of this oration, and under the circumstances, it was impossible for our reporter to take any notes of it.

The oration being ended, the members of the order formed again in procession and marched back to the hall, where they were dismissed.

The proceedings, throughout, were conducted in a stately and dignified manner, and were apparently exceedingly interesting to the entire body of spectators who crowded forward and eagerly watched every movement. The entire performance, including the procession, laying the stone and the delivery of the oration occupied nearly three hours.

There were present, beside the members of the Order in the city, and the Grand Lodge officers, several representatives of the Masonic organizations of Salem, Oregon City, and other places in the interior of the valley, many of them being accompanied by ladies.

OREGON STATE HORTICULTURAL FAIR

OPENING DAY AT ARMORY HALL—FINE DISPLAY OF FRUITS, FLOWERS AND VEGETABLES—VERY ENCOURAGING PROSPECTS FOR THE SOCIETY

The first annual Fair of the State Horticultural Society opened at 10 A. M yesterday, at Armory Hall, on Stark street, between First and Second. The contributions at the opening hour were not numerous, but during the day exhibitors brought in their specimens in great number, and by the close of the day the hall presented a very creditable appearance, indeed, and the success of the Fair was positively assured.

FLORAL EXHIBITION

The tables devoted to flowers, ornamental shrubs and plants, were filled with beautiful and very many rare and rich specimens, gathered, apparently, from all possible nativities, from Sitka to the tropics. In this department we notice that entries have been made by Major Francis, Morgan Bros of the Portland Green House, S G Reed, Mrs J B Congle, Mrs N H Lane of East Portland, H J Mann, Mrs A Austin, L G Pfunder and others. Some of these specimens we shall notice more particularly hereafter. The exhibition is far superior, both in numbers and as to richness and variety of specimens to any floral exhibit we have ever seen at the State Fairs. No one enters the hall without expressions of both surprise and delight at the extent, variety and quality of the exhibition in this respect.

EXHIBIT OF FRUITS

In this department the exhibition was equally creditable. There are spread upon the tables not less, we should say, than forty varieties of cherries, among them a great number of seedlings (beautiful and choice fruit) the result of long and patient experiments by our best fruit growers. Among the entries of cherries, we note the names of Seth Luelling, G W Walling, A J Dufur, A R Shipley, H W. Prettyman and others. There are also several varieties of currants, among which are the cherry currant (some splendid specimens) Luelling's Seedling, White Dutch, White Grape, etc. The show of strawberries is also particularly fine, there being a large variety of not only the standard berries, but of new seedlings, produced by careful experiment. Mr A R Shipley, of Oswego, alone has fourteen varieties, some of them very large, beautiful and rich flavor. Mr Luelling, Mr H W Prettyman and several others are competitors in this favorite fruit. There are also in the fruit department, several fine varieties of raspberries, gooseberries, etc.

VEGETABLES

As yet the display in this department does not comprise a very great variety, but the specimens shown are very handsome. The Early Rose potatoes shown by Dufur, Luelling, Shipley and others, are real beauties and surprisingly large for the season of the year. There are some other fine varieties—Ketchum's seedling, the St Vrain's No 4, etc. Mr. Luelling has five varieties of rhubarb, and Mr Isaac Barnes is also an exhibitor of some fine specimens. Mr D L Prettyman enters three varieties of turnips—very nice, some of them.

Of the exhibition in the miscellaneous class, we will take occasion to speak to morrow.

The exhibition will remain open throughout to day, this evening and to morrow. Every one who has an interest in the horticulture of the State—and who has not—should encourage the Society by visiting the hall. There is some room yet for the exhibition of specimens, if there are any to be yet offered, though the hall is by far more nearly full than the most sanguine had dared to hope.

Those who may want refreshments—ice cream, strawberries and cream, cakes, etc., will find such articles in abundance on the tables of the Ladies' Relief Society, in the hall.

Tickets for single admission are only twenty five cents and membership tickets one dollar—rates at which everybody can go to.

The Universal Safeguard.

It is useless for State Legislatures to pass laws for the preservation of the public health, if the great law of self preservation which depends for its enforcement upon the will of the individual, is suffered to remain a dead letter.

There is scarcely an adult member of the community, of either sex in the country, who has not seen the testimony in favor of Hostetter's Stomach Bitters furnished over their own signatures by persons of acknowledged eminence in science, literature, art, commerce, and every department of business and professional life. These witnesses have declared in the most explicit terms that the preparation is a safeguard against epidemics, a sovereign remedy for dyspepsia, a valuable anti bilious medicine, a promoter of appetite, a genial and harmless stimulant, a good acclimating medicine, a strengthener of the nerves, a general invigorant, a protection against the deleterious effects of malaria and impure water, and that it imparts a degree of vigor and activity to the vital forces which is not communicated by any other of the tonics and stomachics in use. Under these circumstances the self preservative law of nature should teach every rational person who, either by reason of inherent debility or in consequence of exposure to unwholesome influences, is in peril of losing the greatest of all temporal blessings, health, the importance of using the Bitters as a defensive medicine. Dyspeptics who neglect to give it a trial are simply their own enemies. It is guaranteed to cure indigestion in all its forms, and the bilious will find nothing in the whole range of official and proprietary medicines which will afford them the same relief.

MILLS SEMINARY.

REV. C. T. MILLS AND WIFE, FOR the past six years Principals of the Young Ladies Seminary at Benicia are happy to announce to their patrons and friends that the next term of their well known Institution will open

Wednesday, August 2, 1871,

In their New, Commodious and Beautiful Building, just completed at SEMINARY PARK, BROOKLYN.

As most of the able and experienced corps of Teachers, with valuable accessions, as well as the first classes of pupils now pursuing their studies remain with them, the school remains essentially unchanged with greatly increased facilities for physical comfort and intellectual culture without additional expense. Mr and Mrs Mills believe they can accomplish much more for their pupils in the future than they have been able to do in the past and that this Institution offers unrivalled advantages for a thorough and finished education.

All communications relating to admission and all letters of inquiry should be addressed to

DEMOCRATS DISGUSTED WITH THEIR SOUTHERN FRIENDS.—The Chicago *Times*, a Democratic organ, says: "Somebody takes the trouble to telegraph from Georgia that Alexander H. Stephens has again been ventilating his views. What of it? There is no law in this country to prevent Jeff. Davis, Stephens, or any other man from making a fool of himself. And why prohibit persons from making fools of themselves, when it is the only source of comfort the poor devils can have in this world? Jeff. Davis, Stephens, and the rest of the rebel crew who are still in the flesh, are as dead every other other way as John Randolph's phosphorescent mackerel. They resemble that decayed piscatory specimen also in many other respects. They never shine without stinking. They are, of course, unqualified nuisances; but it is probable only death or the devil that will be able to abate them. Like many other decayed specimens of political nastiness, they will go out one of these days with a bad smell; until then, the best that can be done is to keep to the windward of them."

The old southerners like Robert Toombs and Alex. Stephens, who are only half alive and yet refuse to die, must be a dreadful [illegible] to their friends, if they have got any; [illegible] is able to vary the monotony of his existence by visits to the court house and corner grocery, but Stephens is confined to his house, and his audience never consists of more than a few casual visitors, yet he pours forth a stream of nonsense and venom, day after day, and is still said to have a good deal [illegible] influence among politicians in Georgia. [illegible] *Tribune* correspondent who visited [illegible], lately, has since paid a visit to Stephens, and found him a mere walking, or rather sitting skeleton. But he accepts nothing, [illegible] thinks the constitutional amendments [illegible] and believes that a central despotism will [illegible] be established in the country.

Besides the 316 assistant assessors of internal revenue, who have been discharged [illegible] 1st of January last, 150 more are to [illegible] little or nothing, and drawing pay, [illegible] the present month. The saving in [illegible] the administration of the internal revenue department by these discharges is as [illegible] as $500,000 a year.

FINANCE AND COMMERCE.

PORTLAND, Thursday, June 29, 1871.

[illegible] in New York, 111½.
[illegible] at this city, 89¼@90½
Exchange—On San Francisco, ½ per cent.; on New York, [illegible] per cent.
Telegraphic transfers—On New York, 1½ per cent. premium.
[illegible] Bank rates for short loans, 1 per cent.

There is no noteworthy change in the money market since last week. [illegible] demands for business purposes are supplied [illegible] collections are fair, but for speculative purposes, money is a little tight.

The resumption of transportation up the Columbia, on [illegible], set business going again upon high tide. Some of our jobbers have been greatly hurried to supply orders [illegible] to the urgent demand for goods in that quarter, there has been also a fair business transacted with the Willamette valley. In all trade circles we find dealers in excellent spirits and entirely satisfied not only with what they are doing, but with what seems a certain prospect for the remainder of the season.

Agricultural Goods—In this line there is a particularly active trade. Harvesting machinery is in strong demand and the greatest difficulty among dealers is to get transportation as fast as wanted. A temporary [illegible] navigation [illegible] Columbia to day is felt as [illegible] a hardship, as there is urgent need for machinery to go forward as quickly as possible in order to meet the requirements of the present harvest. Eastern made wagons are also going off freely. No changes from last week's prices.

Building Material—All descriptions of building lumber are scarce and some enterprises are delayed thereby. Lime was, for [illegible] days prior to the arrival of the [illegible] out of the market, and the arrival of that [illegible] was, therefore, most opportune. Evidently, more lumber mills are wanted, to meet the urgent and steady demand for building [illegible]. In this connection, we are glad to note that an enterprising firm [illegible] to commence the erection of a [illegible] on the bank of the river in front of East Portland.

Groceries—[illegible] has been good during the entire week. We have [illegible] to note in prices.

Hardware—Trade in this line has revived again and is now unusually active. Importers are talking of [illegible] the necessity of a more ready means of supplying themselves with full assortments. Nails show an advance in both the Eastern and San Francisco markets. Quotations here are, however, unchanged.

Powder—Blasting has advanced to $3 25.

Produce—Wheat continues to decline. We quote good white per bushel, without sacks, $1 12½ and radial [illegible]. Oats are a little less firm than heretofore. Flour, under the depressing advices from other markets, has declined 50 cents per barrel all round, and the week closes upon a dull market.

Provisions—Jobbing prices for bacon are weak at a high figure. The market is rather poorly supplied and prices are generally high.

Stock Books Open.

THE UNDERSIGNED HAVING BEEN APPOINTED by the incorporators of the Portland, Dalles and Salt Lake Railroad Company to open books and receive subscriptions to the capital stock of said company, does hereby declare such books now open for subscription at his office in this city.

This is done now, because it was believed that the citizens of Oregon, and especially of Portland, and thence along the line of the proposed road would desire to take sufficient stock, at least to be an endorsement of the enterprise, and enable them to exert an influence in its management.

A certain proportion of the Directors are required to be residents of the State, who must first become stockholders before Directors. While the invitation to subscribe thereto is cordial, I will visit Eastern Oregon and Idaho during the month of July to give the citizens there an opportunity of engaging with us in the good cause.
W. W. CHAPMAN,
Agent of Incorporators.
